

KEOM RADIO E.E.O. PUBLIC FILE REPORT
March 26, 2010

KEOM-FM 88.5, Mesquite, Texas, is an Equal Opportunity Employer committed to a comprehensive program of hiring outreach to all groups in the community, regardless of race, creed, color, national origin, or gender. It is our policy to send notices of all full time job vacancies to all qualifying organizations requesting them. We also publicize all full time job vacancies widely.

The following report summarizes our activities from **April 1, 2009 through March 26, 2010**:

1. One full time vacancy was created by the departure of two of the stations' part time teachers. One full time position was filled instead of two part time positions by promoting Camille Turner, one of the station's part time staff members, to a full time radio and production teacher. No other full time vacancies were filled by the station during this reporting period.
2. Since the only full time vacancy was filled by promoting a deserving and fully prepared part time staff member, no recruitment source or sources were utilized to fill any full time vacancy.
3. Since the only full time vacancy was filled by promoting a deserving part time staff member, there is no list of organizations that received vacancy notices.
4. Since the only full time vacancy was filled by promoting a deserving part time staff member, no recruitment source referred any hiree.
5. Since the only full time vacancy was filled by promoting a deserving part time staff member, there is no list describing the recruitment source of each interviewee for each full time vacancy.
6. No persons interviewed for any full time vacancy during this reporting period, so there is no data on the number of persons that were interviewed.
7. Since the only full time vacancy was filled by promoting a deserving part time staff member, no recruitment sources were utilized in connection with any full time vacancy, and there is no data on the total number of interviewees referred by any specific sources.
8. If a vacancy had occurred for which a search would have been conducted, this is the list we have developed of all organizations that would have been entitled to notification of vacancies, including the address, contact person, and telephone number for each source:

OUTREACH INITIATIVES

1. During this reporting period, KEOM-FM 88.5 pursued our instructional program for Mesquite Independent School District high school sophomores, juniors and seniors as a Prong 3 outreach option. Our program in “Advanced Broadcast Journalism” is designed to prepare young people in our community for broadcasting and/or journalism careers, and is a state approved course for transferable credit toward high school graduation by the Texas Education Agency. These students are taught basic skills to get a head start on this field of study college and learn the FCC rules. These ethnically diverse students in our classes spend many hours honing their skills, getting hands-on practice with broadcast and journalism. We also offer as a part of our instructional program a state approved “Advanced Broadcast Journalism II” class, for the purpose of allowing our interested students to return for a second year of credit, and to focus on higher level and specialty skills. .
2. During January and February, 2010, KEOM staff and current students participated in a student recruiting process for the upcoming 2010-2011 school year by doing live “lunch room” broadcasts along with question and answer segments for 9th, 10th, and 11th graders at all five of Mesquite ISD’s high schools; John Horn, Ralph Poteet, Mesquite, North Mesquite, and West Mesquite High Schools. Daily campus school announcements were made during January and February relating to the 2010-2011 KEOM recruitment process at all five of Mesquite ISD’s high schools. Informational flyers were distributed at all five schools. Mesquite, John Horn, and Ralph Poteet High Schools posted announcements on their individual websites. KEOM’s current group of students acted as spokespersons at their perspective campus schools for the station during the recruiting process. KEOM made on-air promotional student recruiting announcements during these two months and displayed the information on the station’s website.
3. KEOM-FM 88.5 sponsors a scholarship award program for Mesquite Independent School District graduating seniors interested in pursuing careers in radio or the general field of communications as another Prong 3 outreach option. Each year, a graduating student from our classes who intends to pursue the field is selected to receive a \$500.00 scholarship award. The award winner goes through an application and selection process that includes an examination of the applicants’ talent and skills, academic record, seriousness of interest in the field as a future career, and need for monetary support to get a start on in broadcast or other related communications studies at an institution of post-secondary learning. The 2009 scholarship winner was John Horn High School graduating senior Ashlee Roulette to assist in underwriting her expenses as a freshman Broadcast Journalism major at the Texas State University in San Marcos, Texas. The applicant pool for this year’s award has already been formed, and the selection process for the 2010 award is currently moving forward.
